The plays at a glance

Every federal pursuit moves through six stages: Research, Capture & Shape, Go/No-Go, Proposal, Evaluation & Award, and Closed Won/Lost. Go/No-Go is the tipping point. Each play is built for one or more stages, and we run the ones your gaps call for, starting with the blocker that would stop the deal.

PLAY		1. RESEARCH	2. CAPTURE	3. GO/NO-GO	4. PROPOSAL	5. EVALUATION	6. CLOSED	TIME TO RUN

1. Find your gaps
A short readiness check shows where your federal motion is stuck.

2. Run the plays
We run the plays that clear those gaps, with clear owners and outputs for every move.

3. Measure the result
Every play has metrics, tracked in your FRIS workspace.
